

## **Additional regulations for FEI European Championships V and AJA International Championships combined with CSIV-B tournament**

*All athletes taking part at the FEI European Championships 2016 and the Int. AJA Championships 2016 may participate at the CSIV-B with another two horses.*

*The Int. AJA Championships 2016 are open to AJA members who have paid their fee for the current year and don't participate at the FEI European Championships 2016.*

### **Additional regulations for FEI European Championships V:**

If an athlete who participates in the FEI European Championships is excluded by the Jury after the 1st qualifying competition (Table C – FEI Art V 14) or after the 2nd qualifying competition (Nations Team Competition – Art V 15), he is allowed to participate in the following competitions of CSIV-B with the Championship horse.

If an athlete who participates in the FEI European Championships withdraws the Championship horse after the 1st qualifying competition (Table C – Art V14) or after the 2nd qualifying competition (Nations team competition – Art. V 15), he is not allowed to participate in the following competitions of the CSIV-B with this horse.

### **Additional regulations for the Int. AJA Championships:**

The additional regulations are similar to those for the FEI European Championships V.

### **Additional regulations for the CSIV-B**

Horses starting at the same event in national or international competitions (for example Amateur Class or CSI Veterinary) are not allowed to participate at CSIV-B competitions.

In principle, all AJA members are invited to participate. Furthermore the organizer can invite possible candidates for AJA membership and a limited number of guest athletes from their environment. Conditions are that these athletes fulfil the age requirements and that during the current year they did not jump in classes whose initial courses were scheduled higher than 1,35m.

Not admitted at AJA events are athletes who were AJA members and were excluded by the AJA General Assembly for any reason.
